Professional Activities

IEEE R10 PAC chair would like to share with R10 Sections/Councils, the overall objectives and 2019 Project directions of R10 Professional Activities Committee (PAC). Our planned projects for 2019 are:

- R10 PA Challenge – Invite proposals for initiatives targeted like lifelong learning (non-technical), communication/public speaking skills, developing consultant database etc. particularly for long-term members. (***This bulletin has details of this new initiative***)
- Encouraging R10 sections for having a PACE* coordinator and develop annual activity calendar.
- SmartTech/HardTech or IEEE Future Direction stand-alone workshops for enhancing R10 members' career and life-long learning needs.
- To have PA tracks or activities during R10 conferences like TENCON, TENSYP and HTC.

*PACE – Professional Activities Committees for Engineers

2019 IEEE R10 PAC CHALLENGE

IEEE R10 PROFESSIONAL ACTIVITIES COMMITTEE (PAC)

Vision of R10 PAC Challenge

R10 Professional Activities Committee (PAC) invites proposals around any new initiative that is aimed towards maintaining and enhancing IEEE members' lifelong professional career prospects and growth

IEEE R10 PAC Objectives

- Maintain and enhance members' lifelong employability and career prospects
- Enhance the R10 PA process and leadership for professional activities
- Supporting R10 versions of SmartTech/HardTech events and conduct IEEE Future directions workshop/hackathon etc.
- Conducting events for members interested in Government and Technical Policy activities, informed by IEEE expertise

2019 R10 PAC Challenge Goals

- To support a new initiative or event under the umbrella of existing PACE* activities within a IEEE R10 section or help establish PACE* structures
- To identify project or idea, that IEEE section can conduct regularly, to benefit particularly long-standing members' professional aspiration
- Events are not limited to be specific but shall be more focused on set of particular professional initiatives that is typical in IEEE USA & R1-R7
- R10 PAC Challenge is looking to support executable idea that strongly aligns with PAC objectives

R10 PAC Challenge Funding Criteria

The R10 PAC Challenge proposals submission request can be of two pathways:

- Matching section funding for those applications that have PACE* Coordinator
- Stand-alone requests for sections without PACE* structures, primarily aimed at helping establish one operational by 2020

2019 R10 PAC Funding Overview

- R10 PAC committee has funds to support about 5 PAC challenges and few SmartTech/HardTech or IEEE Future Directions events in 2019
- Maximum support of US\$500, if stand-alone, and negotiable if matching funds are in the budget
- Completed projects can also earn US\$100, as completion bonus by submitting an activity poster to R10 PAC, to be used as best-practice exemplars

R10 PAC Challenge Dates

- Deadline of Submission: 6th May 2019
- Notification of Acceptance: 13th May 2019
- Bonus: Reporting within 3 week of activity

*PACE – Professional Activities Committees for Engineers
(Generally Sections have coordinators for this role)

2019 R10 PAC Proposal Submission

- All submitted proposals has to be endorsed by Section Chair of the host R10 Section/Council
- Section Chairs can forward multiple initiatives, but only one will receive R10 PAC Challenge support.
- Proposals can be submitted, using Xcel template provided, through to ieeer10pac@ieee.org
